

Pathways to Knowledge Witchcraft: Foundational Teachings for Modern Times Course of Study

Merry Greet,

Thank you for your expressed interest in receiving material about our unique course in "Witchcraft: Foundational Teachings for Modern Times". Included in this information and registration packet is an outline describing the course, how it works, and the approach to studying the course material.

The course material is created, written and copyrighted to Raven Grimassi. Although Raven has crossed the veil (March 2019) this course lives on in memory as part of his legacy of wisdom and knowledge he passes to us. His name remains.

The "Witchcraft: Foundational Teachings for Modern Times" course you are about to consider is unique in many ways. It has been created and prepared by two practicing elders of the Old Ways of Witchcraft with the combined experience and knowledge of over 50 years. This includes training in Celtic, Brittic, Pictish-Gaelic and Italian Witchcraft traditions. In the packet you will find personal biographies and a description "Course Description".

The purpose of this course is to establish a sound and cohesive understanding of Witchcraft as a religion, spirituality and magical path. The creators of this course have used as a basis for these teachings the commonality of pre-Christian European Witchcraft/Paganism. This commonality is the primary format for the lesson material. Please note that this course is not tradition specific. You will come to understand that specific traditions of Witchcraft simply convey the cultural expression of the pre-Christian European Witchcraft/Paganism commonality. Therefore "the one truth" is expressed through the many cultural perceptions such as found in Celtic, Stregheria, Germanic, Teutonic, and Saxon traditions, etc.

Ultimately the intent of the course is to provide you with the spiritual tools that allow for personal transformation. This is achieved by applying the information, techniques, and exercises supplied in this course to a life style of living in "common cause" with Nature. Personal transformation and enlightenment is a lifetime endeavor and process. The course is a guide and map to help you on the Path you choose to walk.

Now that we have provided an introduction to "Witchcraft: Foundational Teachings for Modern Times" please read through the information packet in the order provided. Do not skim read or you will misunderstand the structure, the way this course works, and the two different approaches to taking this course.

Bright Blessings on the path!

Stephanie Taylor Grimassi & Raven Grimassi (Posth.)

ABOUT THIS COURSE

This is a course about the foundational teachings of Old Ways Witchcraft for modern times, which existed long before the modern adaptations and modifications of the contemporary Craft. The Old Ways are the root connections to the vital essence of the wisdom and knowledge preserved and passed on by our ancestors. Witchcraft, the Old Religion, is a great ancient tree that contains all that has come before. The fruit it produces is the nourishment of enlightenment that joins one generation to the other. But, like any tree, it is the roots that keep the tree alive and established.

This course that we offer is all about alignment with those ancient roots. This ancient tree was there before any cultures arose to establish themselves as Etruscan, Roman, Celtic, Germanic, Nordic and so forth. So, to limit our understanding of Witchcraft by focusing primarily on any one tradition is to miss the wholeness of the tree itself. Therefore, this course is designed to provide you with the untainted core teachings, beliefs and practices from which all European-based traditions have drawn. However, supplement lessons pertaining to Italian Witchcraft and Celtic Witchcraft are supplied in addition to the primary 13 lessons of the course. This is provided in order to compare the northern European view with the southern European view. So, if your interest is the Path of Stregheria or Celtic Witchcraft, the course will provide the necessary interfaces and expand your understanding of those traditions.

The material in “Witchcraft: Foundational Teachings for Modern Times” is not a rehash of widely available writings. It is instead a unique opportunity to explore and understand many concepts not brought forth from the shadows in any books or articles to date. The instructor and creator of this course are lineage Witches, initiated and trained in non-public traditions. Therefore the material presented is not an eclectic patchwork creation, nor is it watered-down for the masses. This is foundational teaching of old Witchcraft as once taught by the hearthside, from master to apprentice.

The course material has been created, written and copyrighted by Raven Grimassi. Although Raven has crossed the veil (March 2019) this course lives on in his memory as part of his legacy of wisdom and knowledge for his passion in effort to keep the Old Ways alive. He now passes this responsibility to us.

Instructor Bio

Stephanie has been a practitioner of Wicca & Witchcraft for over 30 years. She is a 3rd degree initiate of a Celtic Traditionalist system of Wicca, and a 3rd degree initiate of Italian Witchcraft (the Arician Tradition). She is a legally ordained clergy of Witchcraft. Stephanie has studied, taught, and used the magical arts as tools of transformation throughout her lifetime. She is also a Tarot reader, astrologer, and a teacher of Old World Witchcraft.

They are co-creators and co-authors of the two Oracles decks, *The Well Worn Path*(2005), and *The Hidden Path*(2007; both now out of print.).

In 2006, Raven and Stephanie formed the Ash, Birch and Willow tradition of Witchcraft, and together they co-directed and co-taught the ABW Tradition through the House of Grimassi (a Mystery School devoted to preserving pre-Christian European traditions). Stephanie continues to be the Sacerdotessa of Ash, Birch and Willow, directing and teaching the tradition. Through this school are offered several home study courses on older forms of Witchcraft with students around the globe.

Stephanie currently lives in New England and divides her time, respectively, between operating RavensLoft.biz cyber store, teaching workshops, directing the Mystery School known as the House of Grimassi.

In memorium:

Raven Grimassi was a practicing Witch, teacher, scholar and an award-winning author of over 23 books on Witchcraft, Wicca, Magic, and Inner Mysteries Traditions. He brings to the table over 50+ years of personal experience, study, and an in-depth understanding of these fields. Raven was a popular lecturer and workshop presenter all across the United States. It was his life's work to preserve the roots of pre-Christian European spirituality and mystical themes and it is now Stephanie's endeavor to keep the teachings alive. His published books include such classic works as *The Witches' Craft*, *Witchcraft: A Mystery Tradition*, *Old World Witchcraft*, *The Grimoire of the Thorn-Blooded Witch*, *The Cauldron of Memory*, and *Communing with the Ancestors* and his last book, *What We knew in the Night*

Raised by an Italian native mother, Raven's early years were filled with the lore of Old Italy. In the summer of 1969 he discovered Wicca and spent many years involved with various groups and traditions. These included Celtic Traditionalist Wicca, Brittish Wicca, and the Pictish-Gaelic Tradition. Raven also studied under Lady Sara Cunningham in the 1970s. In the 1980s he created the Arician Tradition, which had roots in Italian Witchcraft. He later left the Italian Path in 2004. He became the co-director of the Ash, Birch and Willow Tradition along with Stephanie, a non-cultural system of foundational Old World Witchery, a system rooted in the commonality of old European Traditions without a focus on any singular culture.

FREQUENTLY ASKED QUESTIONS

*** Is the course based on the Stregheria (Italian witchcraft tradition)?**

Although the course includes material pertinent to Italian Witchcraft, as well as Celtic Witchcraft, it is not specific to any singular tradition. The material presents the foundational and core essence of Old Ways witchcraft before it was given any true cultural expression. Therefore the material is more expansive.

*** Does the course lead to initiation?**

No, the course itself is not intended as a preparation for initiation. However, other courses are available to guide the student to deeper levels of training and understanding.

***What if I do not like the course after I sign up?**

In such an unlikely event, the student may withdraw after the **third lesson**, and can stop after that time. Students may keep the materials they have received to date. No future lessons will be emailed and no refund will be given for the first three lessons. For students who prepay the course in advance, they may withdraw from participation after the third lesson and receive a refund for the remaining balance (from which an administration fee is deducted).

*** I thought it was unethical to charge for teaching the Craft, isn't this true?**

Many people have a misunderstanding regarding teaching and being paid by students. What the belief actually refers to is the tenet that it is unethical to charge for initiations or to charge to teach initiated members of your coven or Tradition. Our Course does not violate this code. It should, however, be noted that not all Witches or Witchcraft traditions subscribe to this modern custom.

*** Do I have to pay for the complete course in advance?**

The course provides two options, monthly payments for thirteen lessons or prepayment of the entire course in advance. (see information packet for details)

*** Do you offer any free scholarships for financial hardships?**

Yes, we do consider this on a case-by-case basis. You are welcome to write to us describing your situation. Unfortunately we cannot offer everyone a free scholarship but we will sincerely consider any and all requests. Please use this option only if truly necessary.

*** What happens after I complete this course?**

Upon successful completion of the course a certificate of completion is mailed to the student.

*** Do I need any special tools or items while taking this course?**

A dedication ritual and the necessary items for performing it are provided for the student. Students will want to have their own ritual tools on hand during the course (such as blade, chalice, pentacle, & wand).

***Does the course include magic and spellworking?**

Yes, but this aspect of Witchcraft is secondary to the primary focus of the course, which is exploring and understanding our ancestral wisdom and knowledge for our personal growth and expansion.

*** Does the course teach/contain any inner secrets?**

The course is a guide and catalyst to the hidden connections and alignments that lie both within and without us all. From the perspective of this course, secrets are connections, alignments and understandings that have yet to be established or realized.

* Illustrations, graphics and tables/charts.

LESSON PROTOCOL

The course operates in the following manner. Once the registration form has been received with the first tuition payment, the enrollment process can be completed. Next an "acceptance letter" is sent with several documents pertinent to the course of study. You are then mailed an alignment bag that is used in a personal dedication ritual. The instructions on the rite are included with Lesson 1. The dedication rite is a formal statement on the part of the student to seriously study the material and to remain receptive to the teachings. It is also, in a very real sense, a bond between student and teacher, a mutual commitment to devote time and energy to the course of study.

The Course contains 13 primary lessons and four free supplemental lessons in Witchcraft and the Old Ways. The first lesson is emailed as an attachment to the student between the 1st and the 10th of the month. If enrollment is completed after the 15th of any given month the student will begin the course lessons the following month. Once the first lesson is completed, the student completes the Question & Answer sheet provided. Each lesson includes self-test question sheet and the pre-printed "master" answer sheet to be used for comparison and any needed correction. So the student answers the questions to the best of their ability and then compares their answers to the master answer sheet.

One of the flexible features of this course is the personal pace option. Although instructors have designed the lessons for monthly study, reflection, and a review, the course does allow the student to progress at their own pace whenever needed or desired. This feature accommodates any situation the student may encounter that may prevent participation during any given month. The student continues to pay the monthly tuition and is emailed the lessons regardless of participation and can complete the course at their own pace. However, the student is encouraged to keep the monthly schedule to keep current with the teachings as the student progresses and integrates what they are learning.

With the thirteenth lesson the student receives a course comprehension exam sheet. It is not a 'pass' or 'fail' exam. Once the final exam is received and reviewed, a certificate of completion is sent to the student acknowledging that she or he has successfully completed a year of study in Witchcraft provided by the House of Grimassi.

COST OF COURSE

If you are like most Witches/Pagans you no doubt have a collection of books in your personal library. You probably have also taken classes here and there in your community, and have purchased ritual or magical tools along with symbolic jewelry and various supplies with which to practice the Craft. Were you to add up the cost of all these things together, what would be the dollar amount that you've spent to date? Whatever the cost may be, because you have requested information about the course "Witchcraft: Foundational Teachings for Modern Times", you are apparently still seeking more understanding and knowledge.

The value of this course is that practitioners of Witchcraft who have devoted several decades to developing their own understanding and knowledge of Witchcraft in accord with time proven training techniques have prepared it. In addition, they are available to you for answering questions and offering guidance throughout the time period of your study. This is something you cannot get out of a book, and it is difficult to place a value on an opportunity of this nature.

In preparing this course, the price of materials has been a factor along with the value of the personal time devoted to each student's lessons during the period of correspondence. The course offers a personal period of training with interaction with the instructor and fellow students. This allows for greater expansion beyond the printed material of each lesson and more additional teachings

When considering the cost of the Course, bear in mind that most people will spend more monthly on Fast Food than the cost of each monthly lesson in the Course of Study!
